PROGRAM PREVIEW
Scientific Sessions Educational Programming

A full slate of sessions in a variety of formats is planned — everything from case-based tutorials, core curricula, and mini-courses to rapid-fire cases, debates, and how-to sessions. Sessions are organized into 12 session categories to make it easy for you to find the sessions that interest you most. For a full listing of scheduled sessions, visit the Online Itinerary Planner, sponsored by Medtronic, at HRSsessions.org/OnlinePlanner.

**PROGRAM HIGHLIGHTS**

**Opening Plenary: Our Future in Focus**
Wednesday, May 6 | 8:00 AM - 9:30 AM
Kicking off HRS2020, Gary Shapiro, Eric Topol, MD, and HRS President Andrea M. Russo, MD, FHR, will discuss their visions of the future for digital health, consumer technology, innovations, and implications for the field of EP.

**Gary Shapiro**
Gary Shapiro, President and CEO of the Consumer Technology Association, is a leading authority on consumer technology and innovation, and the author of *Ninja Future: Secrets to Success in the New World of Innovation.*

**Eric Topol, MD**
Dr. Eric Topol, Founder and Director of the Scripps Research Translational Institute, is a leading authority on artificial intelligence and medicine, and the author of Deep Medicine: How AI Can Make Healthcare Human Again.

**Andrea M. Russo, MD, FHR**
Dr. Andrea Russo is President of the Heart Rhythm Society, and witness the passing of the gavel to the Society’s next President, Christine M. Albert, MD, MPH, FHR.

**Attendee Orientation**
Wednesday, May 6 | 7:00 AM - 7:45 AM
New to Scientific Sessions or have general questions about HRS products and services? Hear from HRS volunteers and staff about the HRS2020 Mobile App, claiming credits, Heart Rhythm 365, membership, and more.

**Heart Rhythm Bowl 2020**
Wednesday, May 6 & Thursday, May 7
Watch Fellows-in-Training battle to prove their EP expertise during this Quiz Bowl-style competition. To participate as a contestant, visit HRSsessions.org/HRBowl.

**Awards & Recognition Ceremony**
Friday, May 8 | 6:15 PM - 7:15 PM
Celebrate distinguished award winners, congratulate newly-inducted Fellows of the Heart Rhythm Society (HFRS), and witness the passing of the gavel to the Society’s next President, Christine M. Albert, MD, MPH, FHR.

**SUMMITS**

**AF Summit**
Wednesday, May 6 | 10:00 AM - 5:00 PM
Don't miss comprehensive updates — from the widely accepted to the controversial — on the recent discoveries and advancements in AF management over the past year.

**Emerging Therapeutics Summit**
Wednesday, May 6 | 10:00 AM - 5:00 PM
Discover the potential applications of the latest technological advances and their impact on the field of clinical electrophysiology over the next five years.

**HRS2020 Digital Health Summit**
Wednesday, May 6 | 10:00 AM - 5:00 PM
Learn from today’s leading experts in consumer wearables, health and wellness apps, and other digital health technologies.

*Not all HRS2020 Digital Health Summit sessions are eligible for CME credits and MOC points*
REGISTRATION

Full registration includes access to all Scientific Sessions educational programming, the Exhibit Hall, all three Summits, and post-meeting access to Heart Rhythm On Demand.

ONLINE REGISTRATION

HOW TO REGISTER

Online  
HRSessions.org/Register

Mail, Phone, or Fax  
Download a registration form at HRSsessions.org/Register and follow the provided instructions. A $25 service charge will be applied to all registrations completed by mail, phone, or fax.

Questions  
Contact HRS2020 Registration Customer Service at +1-224-563-3755 or email HeartRhythm@compusystems.com.

NOT A MEMBER? JOIN TO SAVE!

Join the Heart Rhythm Society to qualify for significant member-only registration discounts, which are often more than the cost of membership itself! Members also enjoy a variety of other benefits throughout the year, such as:

- Print and online subscriptions to Heart Rhythm Journal, the official journal of the Heart Rhythm Society, Cardiac Electrophysiology Society, and Pediatric & Congenital Electrophysiology Society (PACES)
- Keeping Pace, HRS’s bi-weekly, member-only e-newsletter, delivering the latest HRS and EP news directly to your inbox
- Exclusive updates on the latest authored and endorsed clinical documents and guidelines
- Discounts on select educational content on Heart Rhythm 365, HRS’s new online learning platform, plus a minimum of 20 free MOC points annually.
- Access to member-only forums, including the HRS LinkedIn group, online discussion groups in HRS Communities, and Member Directory.
- Inclusion of physicians in the HRS Find A Specialist search feature on HRS websites.

You must be an active member at the time of registration to qualify for member registration fees. We recommend submitting your completed membership application two weeks in advance of the time you intend to register online to allow time for processing. Or, if you intend to register onsite at the San Diego Convention Center, please submit your application by April 27, 2020.

San Diego Convention Center

Program Objectives

Upon completion of this activity, participants will be able to:

- Identify and analyze the latest scientific advances and innovations in the field of heart rhythm disorders.
- Select appropriate evidence-directed pharmacological and non-pharmacological therapies to achieve optimal outcomes for patients with heart rhythm disorders.
- Recognize alternative perspectives regarding areas of controversy for which scientific evidence is insufficient, controversial, or confusing.
- Utilize quality improvement measures, methods, and tools to foster systems-based improvements in care, outcomes, and value for patients with heart rhythm disorders.
- Recognize the value of interprofessional teams, care coordination, patient engagement, and enhanced communication to optimize patient- and family-centered care.
- Assess the impact of healthcare reform on the care delivered to patients with heart rhythm disorders.

Continuing Education Credits

Accreditation Statement
The Heart Rhythm Society is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

AMA Designation Statement
The Heart Rhythm Society designates this live activity for a maximum of 34 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

ABIM MOC Statement
Successful completion of this CME activity, which includes participation in the evaluation component, enables the participant to earn up to 34 MOC points in the American Board of Internal Medicine’s (ABIM) Maintenance of Certification (MOC) program. Participants will earn MOC points equivalent to the amount of CME credits claimed for the activity. It is the CME activity provider’s responsibility to submit participant completion information to ACCME for the purpose of granting ABIM MOC credit.

ABP MOC Statement
Successful completion of this CME activity, which includes participation in the activity, with individual assessments of the participant and feedback to the participant, enables the participant to earn up to 34 MOC points in the American Board of Pediatrics’ (ABP) Maintenance of Certification (MOC) program. It is the CME activity provider’s responsibility to submit participant completion information to ACCME for the purpose of granting ABP MOC credit.

Royal College of Physicians and Surgeons of Canada MOC Recognition Statement
Through an agreement between the Accreditation Council for Continuing Medical Education and the Royal College of Physicians and Surgeons of Canada, medical practitioners participating in the Royal College MOC Program may record completion of accredited activities registered under the ACCME’s “CME in Support of MOC” program in Section 3 of the Royal College’s MOC Program.
